## PRODUCT DATA SHEET

# ESD Metal Wrist Straps

## AMWS Series

### RoHS & REACH Compliant

ESD Metal Wrist Straps are a premium band set featuring a high quality adjustable, one size fits all metal wrist strap band with an insulating outer surface and a coil cord. The band is standard with 4mm, machined male snap and provides a 360° conductive contact around the wrist, providing maximum skin contact. A shorter, swivel type banana jack increases coil life, prevents cord tangles and fits most bench grounds. It uses highly conductive copper sulfide nylon thread for conductivity and it has a maximum resistance of 160 ohms. Comes with a 12 ft. cord.
